

PLANKA Chair
Design: Börge Lindau & Bo Lindekrantz, 1985

LAMMHULTS

A MODERNIST REDUCTION

With the inspiration from a man sitting on a beach using a plank stuck in the sand and a rolled up towel as a headrest, Lindau/Lindekrantz designed Planka. Planka has a full 360° swivel and an adjustable headrest. All that's missing is the beach.

PLANKA

CHAIR
