Design: Gunilla Allard, 2014

## COMFORTABLY CONTEMPORARY

The Cajal seating collection celebrates the modernist clarity of structure, with the accent on its exposed frame. Gunilla Allard explains that the visible steel tubing in her design encloses the back, "like a stroke of a pen or a cajal pencil".

Available as a small or large sofa, and an easy chair, Cajal emphasizes comfort, with added support for the lower back. Parallel seams on the sofa back add rhythm and character. Combining monochrome or contrasting upholstery and colorful powder coated or chromed steel tubing colors offers a wide range of style expressions.
