

CAMPUS AIR Barstool
Design: Johannes Foersom & Peter Hiort-Lorenzen, 2007

LAMMHULTS

A NEW WORLD OF APPLICATIONS FOR CAMPUS

Following the success of the Campus chair, the designers, Johannes Foersom and Peter Hiort-Lorenzen, developed a barstool version to be able to provide a holistic expression in areas where different seat heights are required.

Campus Air has a seat and back of fiberglass-reinforced polyamide plastic. The Campus Air barstools come in two different heights and offer all the performance, options and the aesthetic excellence of the Campus Air chair. Seat and back in light beige, grey, black, slick green, blue, orange, yellow brown & yellow.
