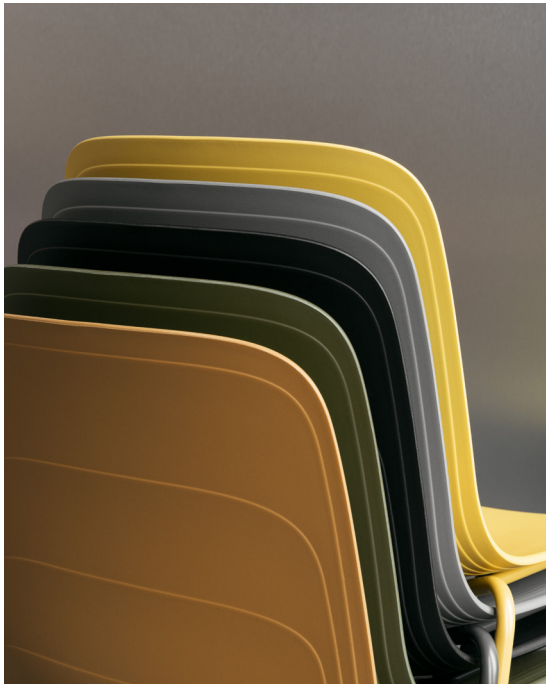
GRADE Chair / Armchair
Design: Johannes Foersom & Peter Hiort-Lorenzen, 2014/2015/2017

LAMMHULTS



A TOTALITY OF SHAPE

Grade brings a new level of design sophistication to the plastic stacking shell chair category with its subtly reliefed, recyclable, polypropylene shell and choice of materials and color schemes. Five levels or “grades” of relief are molded into the back of Grade, providing a visual rhythm to the chair’s form.

Grade chair and armchair comes with a seat shell in light beige, grey, black, grey green, blue, orange, yellow brown & yellow and has a steel frame in chrome or powder coat matching the shell color. Grade is available with 4-leg frame or 5-feet swivel base. The seat shell is offered with upholstered seat or fully upholstered.

"Grade is a whole visual entity providing function, aesthetics and comfort."
